What is Budda Box?

Budda-Box offers support to those, in Marquette County, who have been diagnosed with cancer and their families. Marquette County has the highest rate of reported cancer, per capita, in the State of Wisconsin. It is because of the strength of our community that we are able to assist our clients with expenses incurred. Through monies raised from our annual gourmet dinner, auction and golf-outing, donations from businesses, private donations, and various other fund raising events, we offer both financial and emotional support.
